Joseph Pouliot Declares the Master Medicine Has Done Very Good Work for Him

### "NOW RELIEVED OF PAIN"

Says Holyoke Resident and Tells of His Quick Recovery

Joseph Pouliot, of 69 North Bridge street, Holyoke, Mass., declares the Master Medicine has done very good work for him, and that he has now been relieved of all pain. Talking of his case August 21, at George F. O'Connor's Drug Store, Mr. Pouliot said:

"I was all run down, my back was sore and I was full of pains. I felt tired every night. I went to two or three doctors but they did not do me any good."

"I bought Tanlac after seeing it advertised and after taking only one bottle I feel better, eat better and do not have the soreness in my back now as I am relieved of all pain."

"I now recommend Tanlac because it has done very good work for me, and I will gladly allow my name to be used saying it is good."

Everywhere the best people give testimonials in praise of Tanlac out of gratitude for the relief that Tanlac brings and because they believe it is their duty to do so.

Hundreds of thousands have found Tanlac an ideal tonic and strength builder. It reaches the ill of the stomach, kidneys, liver and the common malady of the day.

Tanlac is now sold in Brattleboro at the Brooks House Pharmacy and can also be obtained in all neighboring cities and towns at the Tanlac stores—Adv.

## SENATOR PAGE OFF FOR THE SEASHORE

Leaves the Rutland Hospital, Where He Had Been Resting, and Goes to Atlantic City.

RUTLAND, Oct. 16.—United States Senator Carroll S. Page yesterday afternoon left Rutland hospital where, since September 20, he had been taking a "rest cure" following a nerve-racking campaign for re-election at the September primaries. In company with his daughter, Miss Alice Page, he left Rutland on his way to Atlantic City, N. J., where he plans to remain several weeks, probably most of the time before the opening of congress in December.

That he might receive the fullest benefit of the treatment of his physician, Dr. W. W. Townsend, Senator Page, after his first two or three days in the hospital, denied himself to visitors. He said yesterday that he was feeling better than at any time for six months past.

Senator Page's son, Russell S. Page, who is in charge of the senator's business affairs at Hyde Park, was in Rutland Saturday to confer with his father. Miss Page will remain at Atlantic City with her father.

It is not unlikely that the senator will return to Vermont to cast his vote at the state and national election next month.

Brunow was 17 years old, the son of Dr. R. E. Brunow of the university. The young man visited in New York city for three days before Princeton opened last Tuesday. The disease did not develop until Saturday, Dr. George Draper of the Rockefeller institute, New York, came here and gave the patient an injection of serum, but to no avail.

I was subject to headaches and was unable to sleep well. If I caught cold, it always made the trouble worse. During a severe spell I learned of Doan's Kidney Pills and procured a box at the Brattleboro Drug Co. They soon cured me of the aches and pains."
